

(the shapes below are used in EVERY key)

Learning the chords

Here are just about the only chords you need to learn. (except for 7ths, 9ths & 11ths)

learn these chords and learn to move the entire shape up (→) the neck of your guitar at least one space. (FRET).

basic chords

the fingering for these chords is any way that you can, How you finger the chords is not as important as learning to play any of these chords in any position of the guitar.
