

Power Chords

These basic shapes are used for the power chords.

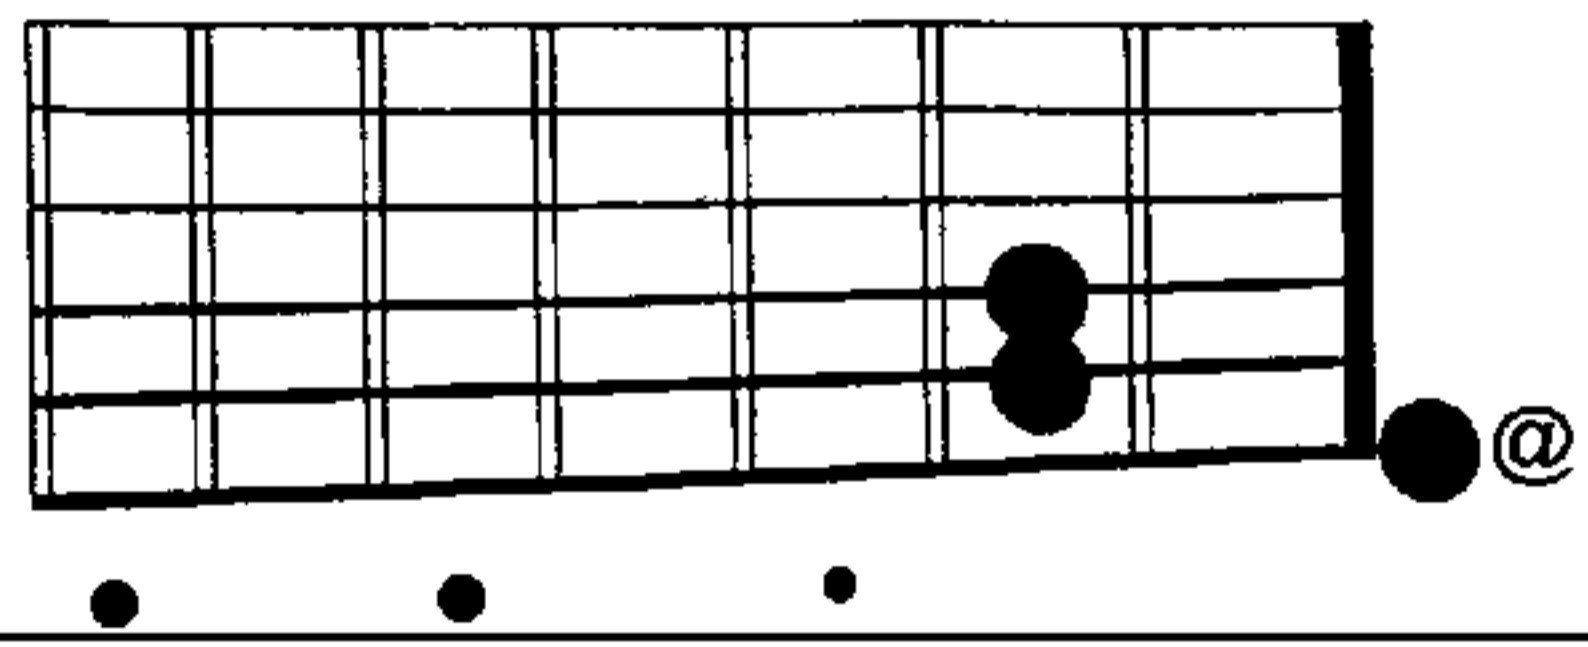

Power chords can be used for the Major or Minor Chords (The diminished chord cannot be a power chord)

"D Major or Minor"

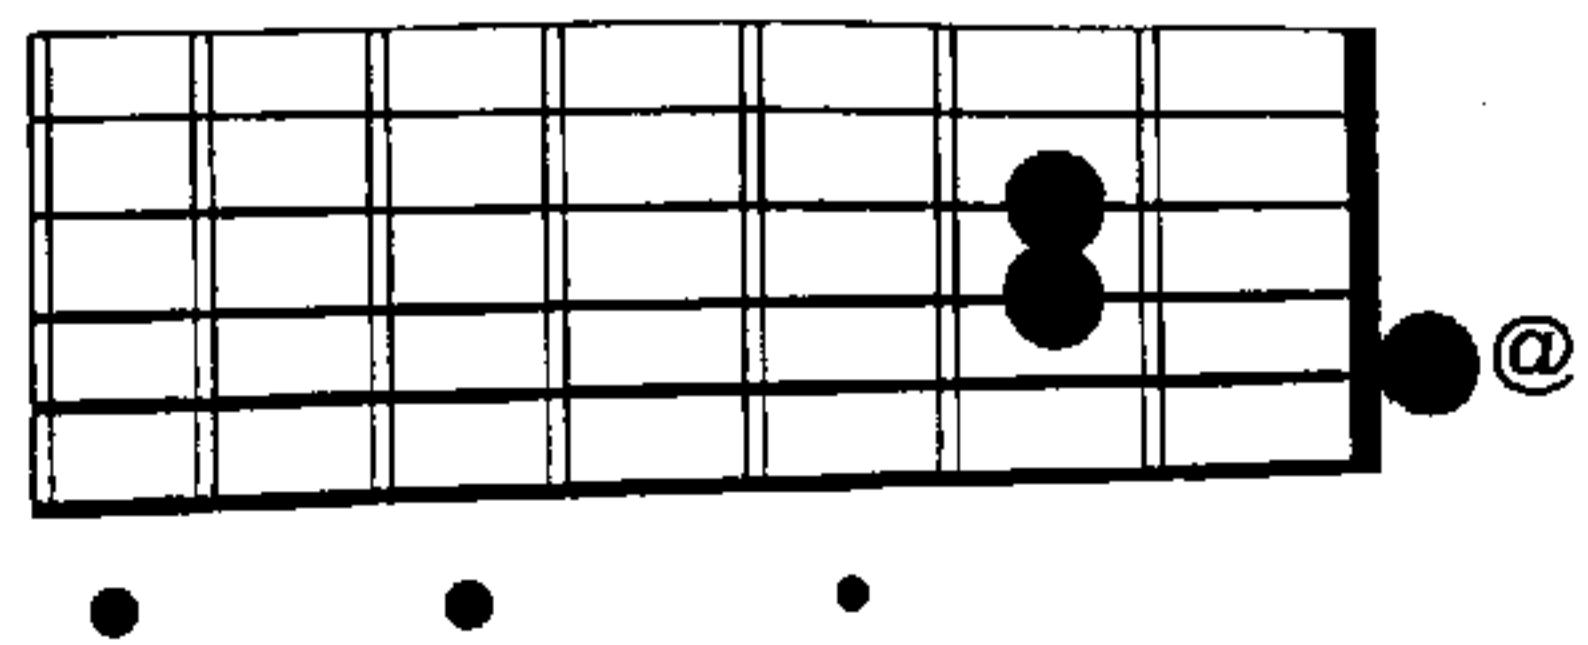

This chord could be either a "D major" or "D minor"

"E Major or Minor"

This chord could be either a "E major" or "E minor"

"A Major or Minor"

This chord could be either a "A major" or "A minor"

@ Go back to the scales (major) And look for power chords on the first, second and third string.
